

Universe::AddMonomer

```
graph LR; A[Universe::AddMonomer] --> B[Universe::AddMonomers]
```

A diagram showing a transformation from a function to a monomorphized version. On the left, a gray rectangular box contains the text 'Universe::AddMonomer'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'Universe::AddMonomers'. Both boxes have a black border.

Universe::AddMonomers
